

COMMERCIAL CLEANERS FOR HIRE

Clean Start, a commercial cleaning social enterprise of Stella's Circle, is equipped to meet all your commercial cleaning needs.

We offer a professional cleaning service that is efficient and guaranteed.

Our services include:

- Cleaning of offices and other commercial sites
- Property and green space litter pick-up
- Unoccupied homes and new construction
- Contractual long-term and odd jobs accepted

Clean Start is a social enterprise initiative of Stella's Circle, which is a leading non-profit community organization in St. John's, NL. Our mission is to transform lives by offering Real Homes, Real Help, and Real Work.

We provide various housing, counselling, and employment programs to people who face many barriers to fully participating in their community. These barriers can include mental health issues, addictions, homelessness, poverty, criminal justice involvement, low literacy, and unemployment.

Stella's Circle operates several social enterprises, which employ participants. The Hungry Heart Café, our signature social enterprise, is a socially responsible neighbourhood café and catering business at historic Rawlins Cross.

POSITIVELY SPOTLESS

Clean Start is a social enterprise initiative of Stella's Circle that helps individuals gain the skills required to obtain meaningful employment in the office cleaning and maintenance business.

BUY SOCIAL CERTIFIED

When you buy from a social enterprise a ripple effect occurs in your community:

- More job opportunities are created
- Community inclusion and diversity are promoted
- People with multiple barriers enhance their skills
- The community gains a greater appreciation for social barriers and challenges

THE BEST SOCIAL PROGRAM IS A JOB

Participants who face barriers in their community will receive complete on-the-job training with a team leader from the organization. Clean Start trainees work alongside professional cleaners with more than 35 years combined experience.

PROFESSIONAL AND RELIABLE SERVICE

Clean Start has several long standing contracts with Perfect Day, Bluedrop, Dick's and Company Basics, Thrive, and several local churches. Employers can improve the local community by giving individuals a hand up, not a hand out, while having their business cleaned professionally, on time, and at a competitive price.

If participants cannot make their shift, the job is completed by Stella's Circle staff. When hiring us, the job will be done!

Many thanks to Chevron Canada Ltd. for supporting Stella's Circle Employment Services.

“ I started out working 2 hours a week, which was all I could initially handle. Now I work 4-5 shifts each week *and* I work independently. My life has improved so much thanks to Clean Start and Stella's Circle! ”

- Stella's Circle Participant

“ Dicks & Company Basics is pleased to employ Clean Start staff for cleaning services. We pay reasonable rates for a job well done, and provide on-the-job experience for program participants. ”
